

# BEACH *Bingo*

Identify the  
trough of the  
wave

Try to  
determine  
the  
wavelength  
of the waves

Witness high  
tide

Look for  
periwinkles  
(the little  
snails that  
live on top of  
rocks)

Identify the  
crest of the  
wave

Find a shell  
and identify  
what kind of  
sea life it  
belonged to

Witness low  
tide

Look for  
barnacles in  
a tide pool

Pick up trash  
or recycle  
someone  
else's trash
