

Printable Valentine's Day Tangrams

Tangrams are seven geometric shapes that fit together into a square. These pieces can be arranged into other shapes too, like animals, boats, or clothing.

1. Print out this pattern on thick paper or cardstock so the pieces can be reused.
2. Cut out the individual shapes.
3. Construct a heart using all seven pieces.
4. Make your own Valentine's Day shapes using tangrams.
